WHAT AN ACHIEVEMENT!

Congratulations to Millie in Y3 who became the first person in the whole school to complete her achievement card after collecting 8 stickers during this half term!

Children collect stickers for producing work that shows their very best efforts. They can also collect special Headteacher stickers when they come to show their work to me.

YEAR 5 PARENT AFTERNOON

Parents of Year 5 children had a wonderful afternoon this week when teachers invited them into their classroom to see their learning about China.

Children were able to share a wide range of work that they have been creating and felt very proud indeed!

Thank you parents for such a super turn out!

We will look forward to more of these type events in other year groups throughout the year.

ATTENDANCE AND HOLIDAYS

At the end of this first half term we are below the target that we have set for ourselves for whole school attendance. By the end of the year we aim to be at least equal to other schools nationally (96%).

In our last Ofsted report (2015), regarding our below national attendance, inspectors stated that, *"The school has not yet persuaded all parents of the value of education to their children and some pupils do not attend regularly enough."*

We will be forming an attendance team this half term to look at how we can effectively pro-

mote attendance so that it becomes in line with all schools nationally. Schools that are similar to us in demographic typically have attendance well above national—this is our aim too.

Also, as a school, during the last academic year we lost a total of **611 days** to term time holidays. This compares to an average of the eight BDMAT schools of *less than 200 days*.

The academy directors are currently reviewing attendance and holiday absence across all of our schools to ensure the best policies and practices are in place.
