## ART COMPETITION WINNERS!

Congratulations to our winners who took part in our CLAW art competition last week.

The Deputy Mayor, Cllr Adam Richardson, awarded Niamh, Orla, Darcey & Isabelle with their prizes at our celebration assembly on Friday. Well done to you all!

### Dates for your Diary

Mothers Day Assembly (Y1 9.10am & Y2 2.45pm)	27th March
Mothers Day Assembly (Nursery, 9.15am)	28th March
Mothers Day Assembly (Reception)	28th March 2.45pm
Junior Easter Disco	10th April
Y5 Easter Service	11th April
School closes for Easter	12th April
<b>INSET DAY</b>	<b>22nd July</b>

## OUR SPELLING BEE FINALISTS

Also congratulations to our Spelling Bee Finalists, Gene, Harriet & Sebastian. All took part in the local schools finals at Kingsbury Primary School.

Our finalists all came very close to becoming their age range champions missing out by only 1 mis-spelt word throughout the whole competition!

### Attendance

w/c 11/3/19, No of children who achieved 100% for the week & class attendance %

RL	17	93.85%
RW	17	94%
1J	21	94.83%
1B	21	93.79%
2R	20	94.29%
2O	23	95.17%
3BM	26	97.93%
3R	21	91.38%
4B	22	99.66%
4C	27	93%
5JG	26	95.48%
5G	22	92.76%
6F	13	85%
6J	24	96.90%

Whole School so far this year 95.17

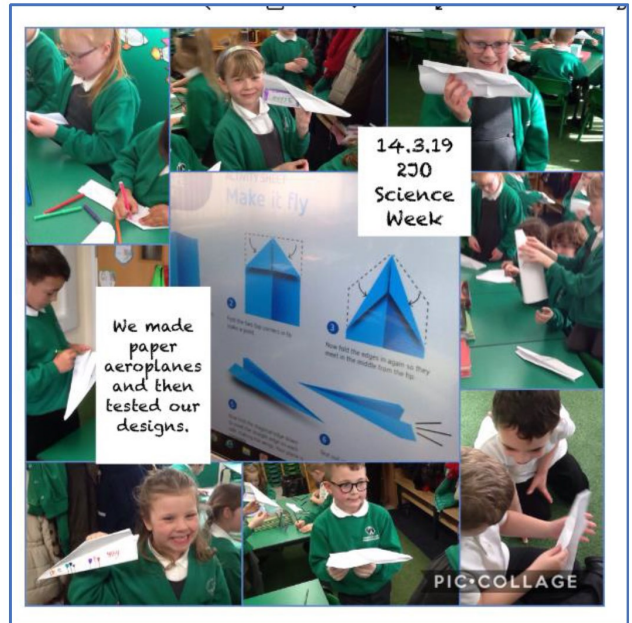

# National Science Week

A huge amount of learning and fun was had by each year group during National Science Week.

## Science Week!

To join in with Science Week, 1J performed some scientific magic! Inspired by Roald Dahl's 'Matilda' the children made some tissue paper newts (just like the one in Miss Trunchbull's water jug). Then, they created a static charge with a balloon by rubbing it on their head, it made some funny hairstyles! The children used the balloon to pick the newt up without touching it!

## 2R took to the skies!

As part of science week, the year 2 pupils decided to build their own flying machines: rockets, aeroplanes and gliders!

Then they tested them!

Being the 25<sup>th</sup> Anniversary of the Channel Tunnel linking Folkestone in England with Coquelles, Pas-de-Calais in France, the theme of 'Journeys' was chosen. This gave children the opportunity to test and find out about travelling in a whole array of ways.

## 3R learnt about how germs spread when we sneeze!

Did you know that putting your hand to your face doesn't really stop the spreading of germs?

The best way to stop germs from spreading when you sneeze is by holding a tissue to your nose and mouth.

## 5,4,3,2,1...

Year 6 used the chemical reaction made between vinegar and baking powder to launch rockets high into the air.

From amazing rocket-launches, to sneezes, through to seed helicopters, our classes had moments of shock and exhilaration from their experiments, hopefully leaving them all with ever-lasting excitement for science.

## Last week's Achievers - Well Done!

### Missing Coat

Black Sonneti coat, fur trimmed hood, zips and pockets on front. There is a lip chapstick in the right top pocket and 2 pairs of gloves in the left top pocket. There is a little bit of damage on the outside right on the seam of one of the pockets.

If anyone has taken this by mistake please return to the school office.

### Y3 SWIMMING

Class 3R will be swimming next week.

### Easter Service date change

Please note the Easter performance will now be held on Thursday 11th April rather than Friday 12th April.

We are looking for donations of materials that children can play with outdoors e.g. bottle/bread/plastic crates or clean guttering or pipes. If anybody knows of any companies that are willing to donate we would be very grateful.
